

The Happiness of Giving

Jessie is a girl who was shy and reserved. One day, when she was on the bus to school, she saw an old man standing in front of her. He looked very pale. Suddenly, feeling under the weather, the old man began to throw up.

Seeing this, every passenger on the bus covered their noses with their hands and stared at him with disgust. At that moment, Jessie not only came to help the old man, but also urged the bus driver to take him to a nearby hospital. Meanwhile, Jessie's brave behavior inspired the other passengers to feel for him. Some of the passengers helped clean up his clothes and the old man deeply appreciated their kindness. After this incident, Jessie found that a little act can turn the world into a better place and realized how great the happiness of giving can be.

付出的快樂

潔西曾是個害羞含蓄的女孩。有一天，在她搭公車上學的途中，她看到一個老人站在她前面。他的臉色很蒼白。突然間，老人由於身體不適，他開始嘔吐。

看到老人吐了，公車上的所有乘客都伸手摀著鼻子，面露厭惡的表情看著他。這時，潔西不僅上前幫助老人，還力勸公車司機帶他去附近的醫院。

同時，潔西勇敢的行為激發其他乘客的同理心。有些乘客伸出援手清理老人的衣服，老人很感激大家的好意。經過這件事之後，潔西發現一個小舉動就可以使世界變得更好，她也了解到付出後得到的快樂是如此的大。

Preventing Covid-19 From You And Me

On the evening of February 10, the Ministry of Education announced that 14-days postponement of school has started. As a student, I was actually very happy at the very beginning, but then when I saw my parents' worried faces, I started to feel how serious the virus is and how it has affected our family income, most people lost their jobs, schools are closed, students and the parents have to stay at home to keep away from the danger of virus.

In order to prevent coronavirus from our lives. I think there are several ways First, try to wash your hands frequently. Second, remember to wear masks when going out. Third, stay at home! If you really need to go out, please keep at least one meter away from others. Forth, we need to eat more foods that can boost our immunity.

In fact, our enemy is not people but viruses. Everyone must works hard to fight Epidemic remember to protect yourself, and to protect others.

I hope that the coronavirus can quickly get away from us and return us to a peaceful life.

When will the coronavirus leave this world? We have no idea! But we can protect ourselves and not cause trouble for others. Let us become "Little Heroes of Epidemic Prevention" together! Trust yourself and be positive.

防疫你和我

在2月10日晚上，教育部宣布開始14天延期開學。小學生的我，說真的其實一開始還挺開心的！但是後來看到爸媽擔憂的表情，才開始驚覺病毒有多麼嚴峻及可怕！因為病毒，大部分的人都失業了，學校關閉，學生和父母必須待在家裡才能遠離可怕的病毒！。

為了防止冠狀病毒進入我們的生活。我認為有幾種方法可以保護自己以及保護他人 第一，盡量勤洗手。第二，出門記得戴口罩。第三，待在家裡！如果真的需要外出，請與他人保持至少一公尺的距離。第四，要多吃能增強免疫力的食物。

事實上，我們的敵人不是人，而是病毒。每個人都必須努力對抗疫情，記得保護自己，也同時保護他人。

我希望冠狀病毒能盡快遠離我們，讓我們能儘早回歸平靜的生活。

雖然冠狀病毒什麼時候離開這個世界？我們都不知道！但是我們可以做到的是，保護自己！而不是給別人帶來麻煩。讓我們一起成為“防疫小英雄”！相信自己！並永遠保持積極正面的能量。

My School Life

I have a wonderful school life. Although school life is always boring to most of the students. I guess, exceptionally, I am lucky! In fact, I enjoyed my school life very much!

I have been studying at elementary school for three years. You are right! I am ten years old. I felt pretty lucky that I had a great teacher, and I met many good friends at school. We have Mandarin, Math, Social Study, Art, Music and the PE Classes. My favorite class is basketball class. I am a team leader, and we always practice our skills after school or during the break time. We had a lot of fun in the class. My class teacher- Ms. Liu is very gentle and beautiful. She is very patient and has sense of humor. It is very fun during Ms. Liu' s classes who encourages us to make many amazing Arts and Crafts. There are many games in her classes. That' s why I am able to finish my homework independently before I go home. Being a grade three student, the subjects that I am learning seem like a piece of cake!

I am very grateful and enjoyable to my elemental school life. Maybe you won' t believe that I am an expert to both English and Mandarin. I always represented my school to participate in bilingual speech contests. I want to thank you my parents who cultivated me since I was

at early childhood. That' s why everything is very easy.

I hope life is not getting tough in the junior high school in the future.

我的學校生活

我有一個美好的學校生活。儘管學校生活對大多數的學生而言總是枯燥乏味的。我想，例外的是，我很幸運！我非常享受我的學校生活！

我是一位小學三年級的學生，我今年十歲，我覺得自己非常幸運，我遇到一位好老師，我同時也在學校結識了很多好朋友。在學校，我們有國語、數學、社會、美術、音樂和體育課，而我最喜歡的是體育課的籃球課，在下我可是籃球隊的隊長！無論放學後或是休息時間，我們總是很努力地打球接受訓練。在課堂上，我們總是玩得很開心！我的班導—劉老師很溫柔也很漂亮，她是一位很有耐心又有幽默感的好老師，老師的課很有趣，而她總是會很有耐心的鼓勵我們，美勞課大家都能完成許多令人驚嘆的作品，或許是因為老師用許多遊戲的方式教課，三年級的每一科目對我而言都很簡單！這就是為什麼我能夠在放學之前，獨立完成我的作業。因為老師教導有趣，現在我學習的每一科目似乎對我而言，都是小菜一碟！

我的小學生活非常快樂和愜意。也許你不會相信我是英語和國語的語言天才，從小我一直是代表學校參加雙語演講比賽的風雲人物。這要感謝從小培養我的父母，在幼兒時期就很努力的栽培我，這就是為什麼現今小學三年級的生活，對我來說一切都非常的輕鬆。

我真希望未來的國中生活，不會改變我輕鬆的步調，而變得艱難無趣。
